

SNOW

Our policy for snow is as follows:

THE AFTERSCHOOL CLUB

If the schools are closed we will not expect to look after your children.

If the schools close early – we will collect the children from school early if at all possible although we cannot collect before 12.45pm as we have nowhere to take the children to before this time.

If the schools close at the normal time and there is a lot of snow we will make every effort to collect your children as usual assuming we can do so safely without risk to our staff or your children.

THE BREAKFAST CLUB

If there is a lot of snow or it is snowing heavily we will not take the children into the breakfast club unless we have heard from the school that it is definitely opening. This is because we do not have anywhere to take the children after 9am as other groups use the halls.

NOTES:

If you decide to leave work early to collect your child it is imperative that you let me know as early as possible. Things will be difficult enough without having to try and locate “lost” children. Thank you.

Unfortunately you will be charged for school closures as we still have to pay our staff and rent. However we will not charge extra if we have to collect the children from school early.
