

EMERGENCY CLOSURE DUE TO INFECTIOUS DISEASES

THE AFTERSCHOOL CLUB

Our policy is as follows:

If the schools close due to Government advice we will close too. However, if any of the schools we collect from closes for a coronavirus related reason whilst others stay open, we will close the affected setting(s) for deep cleaning and then reopen. If we have to close a setting then we will offer to take your children to a different setting. If a member of staff contracts coronavirus then we will follow Government advice at that time.

Unfortunately you will be charged for bookings affected by school closures as we still have to pay our overheads.

As you know advice from the Government is changing all the time and we will always follow this advice.

We will update this notice if Government advice changes, send it to you by email and publish it on our website (theholidayclub.net).
